As a customer of The Town of Taos, you will be given 15 days from the date a bill is rendered to pay your utility bill. If you do not pay your bill within this period, your account will be considered past due (delinquent). You must pay any delinquent amount within 30 days or your service will be disconnected for non-payment. If your service is disconnected for non-payment, a reconnect fee will be imposed, and you will be required to pay both the reconnect fee and the total due before your service can be restored.

If you fail to pay your utility bills, other fees and penalties will be added to your account and the account will be referred to a collection agency and to an attorney for collection. The Town may cause a lien to be filed on the property. If the lien is filed, the Town may proceed to enforce the lien as provided by New Mexico Statutes.
